

MEDICAL DEVICE REPROCESSING TECHNICIAN

Interior of British Columbia

Interior Health

Interior Health is hiring MDR Technicians

We have amazing teams and looking for more talent to come join us

What is it that makes working the team and in this role so great?

MDR is the professional at the heart of the hospital. A MDR Tech plays an integral role in the smooth operation of surgical services and in supporting quality patient care.

What stands out from other employers?

Interior Health values diversity and inclusion and it's our goal to cultivate a workforce rich in culture, experience, and knowledge to ensure equitable health outcomes for all the clients we serve. We encourage you to bring your whole self to work! We focus on safety and employee wellness in the workplace to ensure everyone feels safe and supported at work.

What is the team dynamic like?

Fun, outgoing teams that are prepared to work together and collaborate together. Job satisfaction knowing you are responsible for the cleaning and sterilization of instruments used in surgeries, to ensure patient safety.

Reasons to join Interior Health:

- General salary increases over the next 2 years
- [Relocation Allowance for eligible positions](#)
- [Comprehensive employer-paid benefits package](#)
- Continuing education opportunities
- Access to our in-house learning and development centre
- Job stability and generous vacation entitlement
- Team environment
- Employee Health and Wellness programs
